"Charles Jacobs' *The Writer Within You* tells you everything you could ever possibly want to know about how to write and publish your own book in your retirement years. A recent survey of baby boomers has shown that this is no far-fetched need. 'Writing a book' was the second most popular life dream articulated by the 7000 survey participants. (The first was the equally hard to achieve life dream of "losing weight.") *The Writer Within You* is crisp, clear, and comprehensive; designed to satisfy every need of the growing breed of active seniors whose ambition is to write fiction, nonfiction, memoir or anything else."
